letter from the founder

First of all, thank you so very much for making the decision to join us on March 19th for our 5th Annual Charity Golf Tournament. Since our creation in 2011, The N.O.W. Matters More Foundation has contributed to the recovery and treatment for over 300 mothers, daughters, sons and fathers struggling with the disease of addiction. Our efforts include providing scholarships for treatment, counseling, and life coaching to those in need of recovery. We also provide advocacy and support for those who have been affected by addiction, and work towards awareness and prevention in our local communities.

This is a battle worth fighting, but it requires support on many levels. Our hope is that you will enjoy this years tournament and plan to join us again each and every year moving forward. The golf tournament is our main fundraiser of the year and that is why we bring so many great raffle prizes for you to win. We made the decision early on that instead of doing a bid type offer, that we would give every single person the chance to win even what they consider to be the best prize, so come ready to have fun & remember even if you suck at golf, you can still WIN something.
